Subject: about "Bar public from witness questioning"

hello, i will like you to read this please, dont accept what microsoft is asking for... everyone of us, like every one of the users of microsoft products wants to follow the proceedings against microsoft in the "new case" against microsoft.

in less words, i want to read in every news paper in every country around the world what can the witnesses say in the antitrust case against microsoft! i want to see, hear or read what is being said on the pre-hearings!, dont leave us out!
